Vendor comments not printed in the catalogue

Lot 13 Tarraganda BT Quastor Q6 (P)

Quastor Q6 is a mid maturing, stout made, easy keeping Boom Time M222 son. His dam DCMH6 is one of Tarraganda's most productive cows and always has a good one! His maternal ½ brother sold to Carlton Shorthorns in 2018 for \$14,000 and was Division 1 Champion. Q6 will enhance carcass and maintain doability and docility to any operation. Fully parent verified.

Lot 16 Bayview Cassidy Q112 (P)

A bull with a tremendous side on profile exhibiting balance & muscle expression Top 3% yearling & carcass wts Top 4% EMA Top 5% Weaning wt. Homozygous Polled JBas 8.

Lot 22 AJM Red Zone R101 (P)

Red Zone R101 combines an excellent combination of phenotype and data. We believe he is stud sire potential. His mid maturity, balanced structure, huge carcass, do-ability and second to none temperament, makes him a standout sire for any operation. R101 is in the top 2% for Fat, 3% REA, 10% API, Marbling and Docility, 15% CW, 20% Stay and 25% CE and Yearling Weight. Fully parent verified, Homozygous polled by DNA. Semen collected for in herd use only.

Lot 36 AJM Quarter Master Q103 (P)

Quarter Master Q103 is a real soft, easy fleshing bull with plenty of carcass. There is some real maternal power in Q103, his dam is a highly productive and correct cow that rears a big calf. She's been a donor and breeds soft, easy keeping cattle. The Mortal M40 progeny are renowned for big carcass raw data, positive fat, high IMP and easy keeping. Quarter Master is in the top 15% for WWT and YWT, 20% CE and MMWT and 10% REA. Fully parent verified.

Lot 71 Roly Park Quadrant (P)

Quadrant is a deep sided, easy doing, structurally correct bull out of a great maternal female line, with a beautiful smooth shoulder that we believe lends him to be used in heifers. We used Quadrant in our stud and commercial herds last year for our Autumn and Spring heifer joinings with progeny now being born unassisted, with small birthweights. What you see is what you get with this sire. He is in his working clothes as he has been out joining cows over the last 12 months and has received no supplementary feed.

Lot 78 Roly Park Rizing Star (P)

One of the youngest bulls in the sale sired by super sire Crooked Post Stockman who has bred very well for us producing low birth weight, high growth stylish progeny who are always at the top of the drop. Star is a sound free moving young sire with plenty of length and thickness that is typical of the Stockman progeny. Out of a great cow line that always breeds females with plenty of quality and longevity. His grand dam is still in our herd and extremely

sound at 14 years of age, with five daughters also retained in the stud herd. He has a bombproof temperament and has been successfully shown, including receiving Reserve Junior Champion at Sydney Royal this year. We would expect him to be suitable for use on heifers.

Lot 87 Tarraganda BT Gypsy R10 (P)

Gypsy R10 is a real stylish, long, correct female. She's always been a standout heifer in her contemporary group. R10 has some stand out females in her pedigree such as Narralda Uneata N48, Patents Cherry J90 and Legends Cherry G141. Her dam is a highly productive, sound, easy keeping female. Sire verified.

Lot 91 AJM TE Juliet R133 (P)

Juliet R133 is a super correct, no hole's heifer. We picked this heifer out for her eye-appeal and attractive pedigree. The maternal strength of Juliet K60, Miss P Everest K124 and Marellan Dora 8074L are real top matrons who have proven to breed excellent, productive seedstock. Her sire, Thermal Energy N54 is a smooth coated, soft, and correct bull with eye appeal. Fully parent verified.
